## **ELIROS CHRONOGRAPH**

*EL1098-PVP01-111-1*

Simple, balanced, well executed and with a slight retro touch, the Eliros collection offers a range of fine chronographs in stylish tonalities and mounted on calf leather straps or trendy "milanais" bracelets easy to wear and appropriate with probably any type of dress code.

## **PONTOS CHRONOGRAPH**

*PT6388-SS001-430-1*

The dial of a chronograph, by virtue of the quantity of information it presents, can potentially appear overwhelming. Consistent with the reputation of the Pontos collection for succinct communication with the wearer, the new Pontos 43mm Chronograph imparts information in a user-friendly form.

## **AIKON CHRONOGRAPH**

*AI1018-SS001-330-1*

In 2016 Maurice Lacroix, reveals a new watch, the AIKON; a quartz timepiece which takes its inspiration from the legendary Calypso, but presented in a new, contemporary design. The round case of the new AIKON features a prominent bezel, incorporating six "arms" which embrace its form.

## **ELIROS MOONPHASE**

*EL1108-SS001-311-1*

Simple, balanced, well executed and with a slight retro touch, the Eliros collection offers a range of fine chronographs in stylish tonalities and mounted on calf leather straps or trendy "milanais" bracelets easy to wear and appropriate with probably any type of dress code.

## **LES CLASSIQUES MOONPHASE**

*LC6168-SS001-122-1*

We all share an emotional connection with the moon. The wise satellite orbits the earth, waxing and waning and influencing life here on our planet. Maurice Lacroix is a company that has become known for the Phases de Lune complication.
