VICTORINOX SWISS ARMY PILOT WATCHES

The speed, the excitement, the sound – it's no wonder that so many are fascinated by the machines of human flight. And those who are most passionate about airplanes and the aero industry tend to wear their passion on their wrist. Victorinox created this line of aeronautical watches for them, because they understand the importance of precision engineering and ultimate clarity in the face of your everyday adventures.

VICTORINOX SWISS ARMY MULTIFUNCTIONAL WATCHES

Victorinox customers are a multi-faceted and multi-talented bunch. So Victorinox took inspiration from their own Swiss Army Knives to create a line of multi-functional watches that could keep up with them as they crisscross the globe in search of new adventures everyday.

VICTORINOX SWISS ARMY I.N.O.X. WATCHES

The I.N.O.X. Collection is engineered to endure a truly adventurous life. I.N.O.X. watches can handle extreme conditions such as a fall of 10 meters, driven over by 64 ton tank or a dive down 200 meters. They were also designed to please the eye. Day or night, in the office or on a mountain, nothing beats the durable, versatile look of the I.N.O.X. Collection.

VICTORINOX SWISS ARMY BUSINESS WATCHES

Like you, these watches mean business. They're built on a few core values – a respect for history, the drive for perfection and the desire for elegance at all times. Swiss Made, of the finest materials and beautifully designed. Put one on and do your best work.

VICTORINOX SWISS ARMY SPORT WATCHES

Everyone gets to live life at their own pace. We created a family of watches especially for those who can do anything except slow down. Each one offers a unique blend of style, strength and functionality. And while any watch can tell you the time, these may be the only watches that can keep up with your pace.
